

**ResMan**  
Care

## Connections that Count

Software doesn't run your business, people do. ResMan Care is about connecting our people with yours to help you be successful. You'll see the difference from the very beginning. From the detailed implementation plan to ongoing training, we measure our success by your satisfaction. This is what we mean by Love Your Software.

## Committed to Your Success

- True intimacy with your goals, needs, and pain points
- Deeply committed to your success
- A true and dedicated partner who has walked in your shoes

*"I have to rave about ResMan's customer support. Rather than a prolonged 'service request' with multiple layers of technical support, the ResMan team will reach out with a personal phone call. I find that very refreshing."*

*- Peggy Miltenberger | Coastal Properties*

## Product Approval Rating

## Customer Support Rating

## User Retention

# ResMan Care

## Connections that Count

### Implementation

- Go-live measured in days, not quarters
- Gapless reporting promise
- Painless and informed process

### Training

- Online or at ResMan's state-of-the-art training lab
- Trainers are former operators
- Online learning management system

### Customer Success

- Unlimited support options available
- Response SLAs
- Dedicated, proactive Account Executive
